

## Are hosting a ROZ BLACKBURN PRESENTATION

Roz Blackburn's presentation will give you an opportunity to hear first-hand the experiences of an individual who has lived with the diagnosis of autism. Her insightful talk will illustrate the problems of having an uneven profile of strengths and weaknesses. Ms. Blackburn talks about her history from early diagnosis to the present time and gives her unique perspective on some of the practices that played an invaluable part in her progression. Through her use of humour and many examples of her life experiences, you will gain an invaluable insight into her world of autism. A must see presentation for anyone living or working with individuals with a diagnosis of autism.

**About the Presenter:** Roz Blackburn is an adult with autism who lives in England. At three months old she appeared withdrawn, isolated and very much in a world of her own. At six months she was erroneously diagnosed profoundly deaf. Finally at a year old she was diagnosed very severely autistic but with average intellectual ability. Now Roz lectures nationally and internationally giving insight into her own experiences and the care and education practices she has observed. In spite of the severe limitations imposed by her condition, Roz displays great courage (and a strong sense of humour) in facing her fears and tackling life's challenges.

**The venue for events (1,2 & 3) will be Autism Solutions, events (4 & 5) will be held at Somerset College - Taunton, there will be a number of complimentary tickets available for parents of our service users, social workers and members of our staff teams. This event is hosted in conjunction with Somerset College and Care Focus.**

There will be five available viewing's of Roz's presentation;

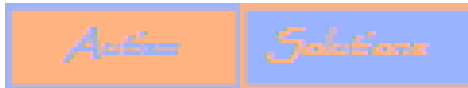

**Tickets are available from Autism Solutions at a cost of £25.00 per person in attendance.**
